THOR NICOLAÏ

HOGEWEG 203 | 9040 GENT
NETWORK INFRASTRUCTURER | SYSTEM ENGINEER

OBJECTIVE

To start in IT infrastructure, either Security, Networking or System engineering. Seek to use my skills and become a valuable problem solver. I like to be challenged analytically.

SKILLS

- Java / C#
- JavaScript / HTML / CSS
- Python
- SQL
- Windows Server / Linux
- Network Infr. CCNA

LANGUAGES

- Dutch (Native Language)
- English (Professional Env.)
- French (Professional Env.)

EXPERIENCES

HOSPITALITY • STUDENT JOB • MISE EN PLACE • 2015 –
Leadership, managing staff, stressful environment and autonomy.

SUPPORT ENGINEER • INTERIM ASSIGNMENT • VRT • JULY 2019
Responsible for the first and second line support of end users and the installation and maintenance of the IT systems.

EDUCATION

SECUNDAIR • 2007 - 2014 • KA VOSKENSLAAN GENT
In high school, I chose to study sciences and sports.

APPLIED ECONOMICS • 2014 - 2015 • UGENT
I started my student career with a year in economics, later it did not really turn out to be my strongest point so I switched to Applied Information Technology.

APPLIED INFORMATION TECHNOLOGY • 2015 – NOW • HOGENT
I am currently a student at HoGent, my bachelor specializes in system and network administration.

VOLUNTEER EXPERIENCE

With my student association I realize events in Ghent, one example is Student Street Soccer, these activities are very popular among students in Ghent.
